 **Miller Hatcheries**

**[miller\\_hatcheries](https://www.instagram.com/miller_hatcheries)** 

To our fellow farmers of the poultry industry,

This year we celebrate 107 years of Miller Hatcheries. Thank you to all our customers who continue to support us! As I research the past of Miller Hatcheries a few common themes arise, the first being quality. Miller Hatcheries has always been proud to ensure that our customers have the highest quality chicks available to them. To do this we have ensured that we have a local supply of breeders. We have the broiler breeder farm in Didsbury that we have exclusive access to. We also have an exclusive contract with another local farm family for our heritage and dual purpose breeds. This local supply guarantees our quality and quantity to hatch a top chick.

The second theme is Canadian. We are proudly Canadian serving Canadian customers with Canadian chicks. We are a federally licensed hatchery and are committed to the top standards in animal welfare and biosecurity.

I am happy to announce that this year Miller Hatcheries will be offering heritage breeds. Enjoy looking through the catalogue and seeing the 12 new heritage breeds we are offering. We are also offering 2 new turkey breeds this year, the Mini Classic and the Artisan Gold. We encourage you to place your orders early to get the hatch dates you want.

What a year 2023 has been! I have learnt so much over the past year and I need to start first by thanking you, our customers, who continue to trust Miller Hatcheries for your chicks and poultry products! Secondly by thanking Candy Keshwani for sharing her vast knowledge with me this past year. Also a huge thank you to the hatchery staff who continue to do an amazing job! I have thoroughly enjoyed my first year at Miller Hatcheries and I look forward to working with you this next year!

In conclusion I look forward to connecting with past customers and new customers this new year and I wish you a safe, healthy and productive year!

Jeff Kamlah

This year we have unfortunately parted ways with Peavey Mart. We are committed to providing top-quality Canadian chicks and are partnering with businesses who share the same goals. When placing an order through one of our agents you can be assured you are supporting Canadian family farms to produce top-quality Canadian chicks. If you have any questions please contact our office.

## PREPARING YOUR BROODER ROOM

**BEFORE YOUR CHICKS ARRIVE:**\* At least a week before your chicks arrive, not the night before, prepare your coop. Thoroughly clean and disinfect your brooder area from top to bottom. We recommend VIRKON for disinfecting. Be sure to include all the equipment, walls, ceiling and floor. Allow the area to dry completely to avoid mold.

\*Clean thoroughly & disinfect all feeders, waterers and brooder lamps.

\*Use an absorbent bedding like shavings or straw. At least 4 inches packed down -NOT newspaper! Make the surface as level as possible especially for turkeys who may fall into a dip and not be able to right themselves.

\*At least 24 hours before the chicks arrive, the area should be pre-warmed and temperatures checked at chick height. Check for cold spots and drafts and be sure the area surrounding your brooder is also warm around 75° F/24° C. Put out the feed. Hold off on putting the water out until just before the chicks arrive; the water needs to be cold so the chicks do not climb into it.

\*Eliminate drafts by repairing windows and doors. Plastic is no substitute for insulation! Do not seal off all air flow either. Good ventilation is essential for a dry brooder house and healthy chicks!

\*Carbon dioxide and ammonia, if present in the house, tend to sink to the floor, displacing oxygen. This low oxygen level at the floor may ultimately result in long term health problems such as ascites.

\*Check that all your equipment is ready & working. Night time lows can be deceiving, using a hi-low thermometer will eliminate a lot of heartache by enabling you to check the night time temperatures.

\*Feed and water must be within the comfort zone of the chicks and available for the chicks at all times. Clean waterers frequently and place them on slatted or wire platforms so birds will be kept away from the wet floor. A good crumble, not pellets or mash, will encourage uniform distribution of nutrients and give the chicks a good start. If you are adding anything to their water be sure to mix it fresh daily.

\*When your chicks arrive they need to stay close to the heater so use corrugated cardboard or an 18" plywood wall to keep them restricted. Make sure your corners are rounded off so they cannot pile into them.

\*Maintain a temperature of 95° F/35° C for turkeys: chicks should start at 90° F/32° C, furthest from the heat source, for the first week reducing by 5°F a week until 70°F is reached.

\*When your chicks arrive, the first 2 hours are critical. They need to recover and adjust to their surroundings. It is after this settling in time that you should reassess their environment.

\*Watch closely to see if the chicks are (a) too cold, crowding under the brooder; or (b) too hot, staying on the outside wall away from the heat source. (c) Overheated, standing with their wings out like propellers or even lying down gurgling or with bubbles coming out of their mouths.

\*If infra-red heat lamps are used, raise the lamps when chicks appear to be too warm. Normally lamps should be set 18 inches high the first week and should be raised approximately three inches each week, providing they remain comfortable.

\*Keep litter dry. This is important to prevent Coccidiosis and other diseases. Remove only wet spots to minimize disturbance of mold and bacteria from the litter into the air.

\*Feed 20% to 23% protein chick starter for 3 weeks for broilers, 8 weeks for layers. Turkeys should get a 25% turkey starter for 8 weeks. Then change to a 16% to 20% protein grower. This can be mash or crumbles. During the growing period, unvaccinated chicks should have a coccidiostat in the feed. If mixing your own feed, be sure to use a poultry supplement concentrate. Do not dilute a complete feed.

### TEMPERATURE - TEMPERATURE - TEMPERATURE CHILLING IN THE FIRST 48 HOURS OF BROODING:

**Chicks do not have the ability to control their body temperature completely until they are 2 weeks old.**

**Floor temperature and insulation will mean more to the chicks during this time than the air temperature. The chicks need at least 3 - 4 inches of FLUFFY DRY litter to provide protection from the cold floor.**

To maximize immunity, performance and livability, the barn floor temperature should be 90° - 92° F / 32° - 34° C for chicks and 95° - 100° F / 35° - 38° C for turkeys. This will create a comfort zone for the chicks and turkeys. The feeders and waterers should also be in this comfort zone. **A cold chick** will huddle for warmth, & in so doing, **will not eat and drink**. This will result in heavy losses due to starving out at around 4 days tapering off at 7 days. Continued losses throughout the growing period suggest that it is as a result from chilling at some point of the growing period. If your chicks appear chilled on arrival, keep them under a lamp in the house until they have fully recovered. In order to maintain body temperature, add and adjust heat lamps accordingly! Consistent heat, food, water and good quality air will result in consistent growth. The use of antibiotics in the water may be appropriate for chilled chicks to assist in recovery and to prevent long term effects-speak to your veterinarian. Be sure to read all expiry dates & withdrawal times on any medications or vitamins.

## MILLER'S CORNISH GIANTS

- This is the bird that can give you almost 1 lb of gain for 2 lbs of feed
- While the hens gain rapid breast meat, the roosters gain bone structure first and then fill out. Both provide good, even, high quality meat.
- These birds have been bred for the table. They are not recommended as a layer. Grow up to 2000 per year in Alberta without quota and you have the potential of a good return on your investment.

### Recommended Feeding

Day 1 to week 3, 20-23% Protein Chick Starter (medicated unless you have had your birds vaccinated against Coccidiosis.)

Week 3 onwards, 16-18% Chick Grower. Mix starter and grower gradually over a week.

You may put them on finisher or a homemade chop for the last 2 weeks before processing. Be sure they do not receive any medication for the 2 weeks prior to processing.

**Note:** Meat birds cannot attain proper weights on a diet solely consisting of farm grains and scraps. Always add protein supplement to farm grains or feed a recommended complete feed.

Quantities	100	50	25
Unsexed each	\$3.20	\$3.30	\$3.45
Pullets each	\$3.80	\$3.90	\$4.05
Cockerels each	\$3.50	\$3.60	\$3.75

Orders of under 25 birds of one breed/sex add \$1.00 per bird

## MILLER'S WESTERN RUSTICS

**GREAT ALTERNATIVE TO THE CORNISH ROCK GIANT.  
NEW CROSS! SAME GREAT PERFORMANCE!**

- Rustic is a far hardier breed compared to an industrial Broiler.
- Yellow skin, tasty meat.
- Nice barred red plumage.
- Strong yellow legs.
- Well-adapted to barnyard farming conditions.
- More resistant to disease.
- Average live weight at 9 weeks 5.5 lbs. and at 12 weeks 7-8 lbs.

**PROUDLY CANADIAN  
SOURCED  
AVAILABLE ALL SEASON!**

Quantities	100	50	25
Unsexed each	\$5.00	\$5.10	\$5.25

Add \$1.00 per chick for orders under 25

Additional charges may apply if a confirmed order is changed or cancelled

## MILLER'S BROWN LEGHORNS

- Top Quality Brown Egg Layer-Hybrid.
- Capable of producing approximately 320 eggs per 52 weeks of production.
- Very calm & docile layers that produce large rich brown, strong shelled eggs.
- Hens are red and roosters are mostly white to buff in colour.
- Hens will reach 4 lbs live weight. Cockerels 5½ lbs live weight.
- Roosters are a good alternative as a meat bird. To avoid tough meat, butcher at 16 weeks (before maturity).
- For best results feed chick starter for 8 full weeks and then grower until the first egg!

Quantities	100	50	25
Unsexed each	\$3.36	\$3.46	\$3.61
Pullets each	\$4.53	\$4.63	\$4.78
Cockerels each	\$2.31	\$2.41	\$2.56

Orders of under 25 birds of one breed/sex add \$1.00 per bird

**Note:** In Alberta you may have up to 300 layers without quota. Check your province for your allowance!

## MILLER'S WHITE LEGHORNS

- North America's most popular white egg layer-Hybrid.
- Produces large white eggs .
- Unsurpassed eggshell quality.
- Excellent rate of production for cage or floor birds.
- The best feed conversion in the industry.
- Quiet temperament even though they are a leghorn!

Quantities	100	50	25
Unsexed each	\$2.68	\$2.78	\$2.93
Pullets each	\$4.28	\$4.38	\$4.53
Cockerels each	\$1.20	\$1.30	\$1.45

Hybrids require 18% layer ration to maintain vigor & avoid picking, egg eating and cannibalism

**Marek's vaccination is recommended for ALL layers**  
**Coccidiosis vaccine is recommended for the organic farmer**

Very clean birds laying early in the day for easy egg collection

Additional charges may apply if a confirmed order is changed or cancelled

## DUAL PURPOSE

### MILLER'S RED SUSSEX CROSS

**Hens used for breeding should receive a healthy diet!**

A heavy breed cross resulting in hybrid vigor, early maturity, good egg production and a large body size.

- Produces lighter brown eggs of medium size.
- The cockerel will look like a Columbian Rock with a slight tinge of red in the feathers, while the hen will look like a Rhode Island Red. Very quiet pleasant hens.
- You can expect that the cockerel will weigh over 6½ lbs. and the hen 5½ lbs.
- Butcher before reaching maturity (16 wks) to avoid tough meat.
- You will really enjoy a flock of MILLER'S RED SUSSEX CROSS; They are docile, easily maintained, hardy and pleasant natured!

All weights indicated are approximate live weight!

Quantities	100	50	25
Unsexed each	\$3.66	\$3.76	\$3.91
Pullets each	\$4.93	\$5.03	\$5.18
Cockerels each	\$2.51	\$2.61	\$2.76

Orders of under 25 birds of one breed/sex add \$1.00 per bird

### MILLER'S RED ROCK CROSS

Is produced by combining Barred Rock hens with Rhode Island Red cockerels.

- We know you will be pleased with the hybrid vigor, early maturity, high egg production and heavy body size.
- The pullets should weigh 5½ lbs and the cockerels 6½ lbs live weight. Butcher before maturity!
- These birds can be aggressive with other breeds.
- Mature hens are black with a reddish gold neck. Roosters are similar to Barred Rocks. Pullet day old chicks are solid black, while the cockerel chicks are black with a white spot on their head.
- Good Layers of light brown medium sized eggs.
- All layers should receive 8 weeks of starter; followed by grower until the first eggs, then switched to layer ration.
- Homemade rations must contain poultry supplement.

Quantities	100	50	25
Unsexed each	\$3.66	\$3.76	\$3.91
Pullets each	\$4.93	\$5.03	\$5.18
Cockerels each	\$2.51	\$2.61	\$2.76

Orders of under 25 birds of one breed/sex add \$1.00 per bird

## DUAL PURPOSE

### BARRED PLYMOUTH ROCK

Plymouth Rock was first shown in Boston in 1849, but was then not seen for another twenty years and was later added to the Standard of Excellence of the American Poultry Association in 1874. The barred plumage pattern was the original one; other colours were later added.

Because of its many good qualities – tasty meat, good egg production, resistance to cold, early feathering, easy management, good sitting – the Plymouth Rock became the most widespread chicken breed in the United States until the time of World War II, followed by the introduction of industrial poultry farming and the hybrid broiler when it lost popularity. The breed is said to be in recovery, numbering about 24,000 Barred Plymouth Rock worldwide.

### COLUMBIAN ROCK

This is the heaviest of the dual purpose breeds and has been around for over 90 years. It now holds the distinction of being one of the hardiest breeds to be found. These birds have a beautiful colour pattern. They are a good producer of quality brown eggs, a very quiet and docile bird in the laying pen, and good for the yard. Heavier than hybrids, live weight will be approximately 4 lbs. at 19 weeks and close to 6 lbs. at end of lay for females. Males are approximately 1½ lbs. heavier.

Quantities	100	50	25
Unsexed each	\$4.42	\$4.52	\$4.67
Pullets each	\$5.93	\$6.03	\$6.18
Cockerels each	\$3.02	\$3.12	\$3.27

Orders of under 25 birds of one breed/sex add \$1.00 per bird

**DO YOUR PART IN  
MAINTAINING THESE  
HERITAGE BREEDS!**

**CAPABLE OF 300 EGGS  
IN 52 WEEKS OF LAY!**

**YOU MAY ORDER THESE  
BREEDS STRAIGHT RUN,  
PULLETS OR COCKERELS**

### RHODE ISLAND RED

This beautiful rich brown coloured bird is a fabulous addition to your farmyard for both meat and eggs. The Rhode Island Red is extremely docile and a good dual purpose breed. The hens are hardy, and will lay well throughout the winter a good number of dark brown eggs. The roosters make for excellent eating, well flavored non-fatty meat!

Additional charges may apply if a confirmed order is changed or cancelled

## DUAL PURPOSE

### DUAL PURPOSE ASSORTMENT

Dual purpose chicks that have not been sold breed specific will be combined for packages. These will be compiled of one or more of the 5 dual purpose breeds!

Quantities	100	50	25
Unsexed each	\$3.26	\$3.36	\$3.51
Pullets each	\$4.53	\$4.63	\$4.78
Cockerels each	\$2.11	\$2.21	\$2.36

**MINIMUM ORDER FOR DUAL PURPOSE PACKAGE IS 25 CHICKS!**

**BREED CHOICE NOT AVAILABLE FOR THIS PACKAGE**

**ORDER ONLINE  
WWW.MILLERHATCHERIES.COM**

*Guaranteed 85% accuracy on sexing!*

**MAREK'S VACCINATION** - is recommended for ALL laying hens. Marek's disease (MD) is an economically significant neoplastic disease of poultry. MD almost devastated the poultry industry in the 1960s but the disease was brought under control after Marek's disease herpes virus (MDV) was identified and vaccines were developed. An ounce of prevention!....there is no treatment for Marek's disease.

**COCCIDIOSIS VACCINE** - is an effective alternative to anticoccidial drugs. This one-time vaccination delivers protective immunity throughout the life of the bird, improving uniformity and feed conversion.

**NOTE:** Immucox is an alternative to medicated starter. If you should accidentally feed medicated starter in the first 4 weeks, do not stop as the anticoccidial drug in the feed will have killed the vaccine. Also, for the vaccine to be effective, chicks must have access to their droppings.

You can also find useful information and resources online at: [alberta.ca/keeping-your-flock-healthy.aspx](http://alberta.ca/keeping-your-flock-healthy.aspx)

### How do the chicks survive in transit?

The remarkable egg yolk supplied by Mother Nature is absorbed by the chick just before it hatches, supplying it with enough nutrition to go up to 72 hours without food or water. This enables us to ship chicks safely with 100% live arrival guaranteed (excludes extras). With the addition of an electrolyte jelly, we are successfully able to ship to almost any point in Alberta, B.C., Saskatchewan & some of Manitoba, through the post office. If you do not have a chick agent in your area, we can ship direct to you, do not hesitate to give us a call. Some areas are more difficult to reach: we will do our best to ship chicks to a town as close to you as possible, safely and at a very reasonable rate. If you have any questions on delivery, give us a call at 1-877-344-2442.

### ARE YOU READY FOR YOUR CHICKS TO ARRIVE

- Make a corrugated cardboard ring approximately 6 - 8 feet in diameter.
- Pack at least 4" of dry bedding in and around the circle.
- Add heat lamp just off center, 2 feeders and 2 waterers for 50-100 chicks
- Place thermometer furthest from heater that chicks can reach at chick height. Temperature should be 90° - 95°F/32° - 35°C. Allow 0.5 square foot per chick.

# MILLER'S TURKEYS

## ARTISAN GOLD

The Artisan Gold is a rare breed that is small in size and slow growing. It has black feathers, unique coloring in the face and feet, long black legs, and a pronounced beak. The Artisan Gold thrives in a free-range or custom environment where it can express natural tendencies such as roaming and roosting. The Artisan Gold offers a robust, gamey taste that is exotically different from traditional turkeys currently in the market. With its unique and uncommon characteristics, the Artisan Gold is a standout on any farm or dinner table. Call for 2024 hatch dates.

## MINI CLASSIC

The MiniCLASSIC is a small sized turkey that offers big advantages. Small, stocky, and robust, the MiniCLASSIC has been carefully bred to deliver all of the desirable characteristics that turkeys have historically been appreciated for. The MiniCLASSIC offers maximum harvesting flexibility and operational efficiency without sacrificing meat quantity or quality. The MiniCLASSIC thrives in specialized or free-range operations, and is the perfect complement to any farm. As a smaller choice, consumers will embrace the MiniCLASSIC for its convenient-to-cook size that delivers a high quality, succulent taste with appealing table presentation that is perfect for the most prestigious family celebrations. Call for 2024 hatch dates.

## MILLER'S HEAVY WHITE

This white-feathered bird grows to an exceptional size and has superb flavorful meat with top feed conversion. Excellent return on your investment. Buy with confidence – you are getting really good value for your money. Raise as many as you can – fill up your freezer. Grow up to 300 turkeys in Alberta per year without quota. It is necessary to fill out a registration form if you wish to grow more than 90. Turkeys are harder to get started than chicks, call us if you need advice – we will be pleased to help.

Keeping them warm enough for the first 2 weeks is paramount & any chilling goes straight to the joints!

Hens at 20 weeks should weigh 20 lbs. and over.

Toms at 24 weeks should weigh 40 lbs. and over.

**This hybrid is fast growing and easy to clean. Excellent value for your dollar!**

## THE ORLOPP BRONZE

Taste the difference! These striking birds have a unique flavor, absolutely delicious!

A premium broad breasted turkey, their feed conversion is very good reaching weights of up to 23 lbs for Hens and up to 40 lbs for Toms at 20 weeks.

### TURKEYS SOLD AS MIXED SEX ONLY

**NOTE: We cannot guarantee orders of less than 10 turkeys. 10 turkeys can be shipped with chicks to make a minimum of 25 total in the same box or 20 turkeys shipped on their own.**

**WE CANNOT SHIP STARTED BIRDS. BROOD ORDERS WILL BE ACCEPTED FOR PICKUP IN WESTLOCK ONLY.**

**10 days brooding available!**

Quantities Each	1-9	10-24	25-49	50-99	100+
Artisan Gold	\$16.89	\$13.89	\$13.39	\$13.14	\$12.94
Mini Classic	\$14.00	\$11.00	\$10.50	\$10.25	\$10.05
Heavy White	\$12.19	\$9.19	\$8.69	\$8.44	\$8.24
Orlopp Bronze	\$16.27	\$13.27	\$12.77	\$12.52	\$12.32

ORDERS ARE SUBJECT TO OUR TERMS AND CONDITIONS

## HERITAGE BREEDS

10

Heritage breeds have been selected for temperament as well as tolerance of the Canadian climate. We will do our best to give you a good selection of breeds in your packages, but we cannot guarantee that you will get all the breeds or guarantee show quality! Minimum orders, for warmth, are 25 Chicks or 30 Pheasants (selected dates). Sold as unsexed only.

### AMERUCANAS

This American version of the Ameraucana has tail feathers unlike their rump-less ancestors. Not as big as our other breeds, it is a fine layer of quality large blue-green eggs. Their delightful beards & multicolours have kept it our most popular heritage breed for many years.

### BIELEFELDER

A relatively newer breed known as a "gentle giant" first appearing in the USA in 2011. This breed has a great cold tolerance. They are friendly, calm chickens and produce large brown eggs.

### BLACK AUSTRALORP

The Australian equivalent of the Orpington. These are a docile bird despite the dominant black colour. Appealing round bodies with an upright 5 point comb. Excellent dual purpose bird.

### BLUE ANDALUSIANS

Originally from Spain, the Andalusian has been bred in the United States and Great Britain. They are smallish, active, closely feathered birds that tend to be noisy and rarely go broody. Ideally the plumage should be slate blue with delicate black lacing, but in lots of birds the blue can be various hues and the lacing can be lost. They tolerate heat better than the cold, but need shade to retreat to when it becomes too hot or humid.

### BUFF ORPINGTON

Brought to North America in the late 1800's. They have broad, smooth fitting feathers on their massive bodies. Excellent temperament, hardy winter birds, good layers with beautiful pale meat, makes this a top class dual purpose bird.

### Standard

Price per breed

1-5: \$16.80 each    6-14: \$11.15 each    15-24: \$9.65 each    25+: \$8.65 each

Additional charges may apply if a confirmed order is changed or cancelled

## HERITAGE BREEDS

**Did you know that a rooster will breed up to 40 times daily?  
For happy hens keep your roosters to a ratio of 1:8-10 hens.**

### COPPER MARANS

One of the six recognized Maran breeds in 1932. In post-war France the breed was nearly non-existent. They are fantastic egg layers with the darkest color egg. These birds are non-aggressive and are great at foraging.

### CUCKOO MARANS

Marans were developed in France in the town of Marans during the mid 1800's. It is a dual purpose bird and is known for its deep chocolate brown eggs. The Cuckoo Marans have a black and white feather colour pattern similar to the Barred Plymouth Rock. Marans are typically calm and can be easy to train.

### GOLDEN LACED WYANDOTTE

Created in Wisconsin in the 1880's for people wanting a great utility bird. These are also great layers of medium-size, light brown eggs. They have a tendency to be broody with strong personalities but docile with their keeper. Very cold hardy with dense feathering and stunning plumage.

### LAVENDER ORPINGTON

Orpingtons were originally developed in England in the 1880's; however, the lavender version was bred in 1990's. Known to be curious, docile, and intelligent. They are large yet compact. A good egg layer, can be broody and will sit on any egg!

### SPECKLED SUSSEX

Is a lively yet docile breed that can adapt to any surroundings. They enjoy the presence of humans and make delightful pets. The breed frequently goes broody in the warmer months. They are good foragers and are generally a hardy variety for our cold climate.

### SERVICES

**Marek's Vaccine (M):** Available for **Standard** heritage breeds only \$23.00 Min. add 23¢ per bird over 100  
**Beak Treatment (BT):** Available for **Standard** heritage breeds only \$26.00 Min. add 26¢ per bird over 100  
**Coccidiosis Vaccine (C):** Available for **all heritage** breeds \$23.00 Min. add 23¢ per bird over 100  
**Shipping:** \$42.00 Min. add 42¢ per bird over 100 Shipping by **Air:** actual cost plus **\$25 handling**

Additional charges may apply if a confirmed order is changed or cancelled

## PHEASANTS

### CHINESE RINGNECK PHEASANTS

The most loved of the meat pheasants in this part of the world. These Chinese descendents continue their popularity due to their good taste and fine looks. Pheasants should be butchered at 22 weeks & will weigh 1.5-2.5lbs. live. They are sold unsexed only and shipped on select hatch days at a minimum of 30 pheasant chicks.

Price per chick:  
30-59: \$6.50    60-89: \$6.30    90 or more: \$6.10  
*30 pheasants: \$195.00 plus shipping*  
Call for 2024 hatch dates

## HERITAGE BREEDS

### BANTAMS

All bantams are very sensitive to temperature -especially for the first 2 weeks. Their tiny bodies cannot hold the body heat like a Broiler. TLC must be provided and constant monitoring for the first 48 hours. We recommend **Turkey starter** for the first 8 weeks. Sold as unsexed only.

#### WHITE SILKIES

These unusual birds are known for their black skin and hair-like plumage. Having a fifth toe is also an unusual trait. These birds date back to the days of Marco Polo and have remained popular as an excellent setter and for their friendly nature. The Whites are the quietest of the silkies.

95°F/35°C  
required for  
starting these  
breeds

#### GOLDEN LACED COCHIN

Originally known as "Pekin" bantams these delightful birds arrived from China with returning soldiers around 1860. Cochins are heavily feathered down the shanks and toes and appear to be much larger than they actually are. They are very gentle, excellent setters, require little space and are absolutely beautiful to look at. Each feather is rich, golden-bay laced with lustrous greenish-black creating a broad oval with a golden bay center.

#### Bantam

Price per breed

1-5: \$16.80 each    6-14: \$11.15 each    15-24: \$9.65 each    25+: \$8.65 each

Additional charges may apply if a confirmed order is changed or cancelled

CUSTOMERSERVICE@MILLERHATCHERIES.COM

## HERITAGE BREEDS - PACKAGE

These breeds have been selected for their uniformity, rate of lay, docile temperament and utilization as a good lean meat alternative! They are highly desirable for their longevity and hardiness despite our harsh weather extremes. Given the chance, they will not only all set, but will be with you for many years. We are unfortunately **unable to sex** these birds so we cannot be responsible for the rooster to hen ratio. The more you order of a breed the better the chance of balanced numbers-Most breeds hatch at 48% pullets.

Our vaccinated purebred parent stock produces excellent quality, lively chicks. All Heritage birds and Pheasants are **SOLD UNSEXED ONLY**. You can be sure that your chicks are strong and healthy - Our reputation depends on it. This stock has variable breed uniformity, therefore not considered show quality!

### HOW TO ORDER

**YOUR CHOICE:** \* Price per chick per breed. You may order: Ameraucanas; Bielefelder; Black Australorp; Blue Andalusians; Buff Orpington; Copper Marans; Cuckoo Maran; Golden Laced Cochin Bantam; Golden Laced Wyandotte; Lavender Orpington; Speckled Sussex; White Silkies Bantam

**1-5:\$16.80** each    **6-14:\$11.15** each    **15-24:\$9.65** each    **25+:\$8.65** each

**PACKAGES:** Hatchery selection of one or more breeds of birds **not** booked for specific breed orders.

We make every effort to provide you with a mix of breeds available on your shipment date.

You may **not** choose the breeds with this package option. Minimum 10 for a package. Total order must equal 25.

There are **2 different packages; STANDARD** (Standard) **or ALL BREED** (Standard + Bantam)

**10-24:\$8.65** each    **25+:\$7.90** each (no guarantee of no. of breeds/varieties)

### HATCHING EGGS:

Are available from the hatchery and may be shipped only if accompanied by chicks for safe handling: Extra **\$10.00** / dozen for freight.

### CHICKEN EGGS:

Cornish Giants, White Leghorn, Miller Brown, Rhode Island Red, Red Rock Cross, Red Sussex Cross **\$31 / dozen**.

**TURKEY EGGS:** Orlopp Bronze - **\$81 / dozen** & White Turkey - **\$58 / dozen**

We provide you with the same eggs that we hatch in our hatchery. Due to the impact of holding and incubation conditions, there is no guarantee on hatching eggs.

### PRE-INCUBATED EGGS

Bring nature to the classroom with pre-incubated eggs that are 2-3 days from hatching. These are white leghorn eggs that have been candled for fertility and are from breeders tested negative for Salmonella Enteritidis.

**Pick up in Westlock and Edmonton only. \$50/dozen**

Clear **H<sub>2</sub>O**

**AquaBeads®**

**AquaBeads®** are a ready-to-use, 92% moisture gel bead designed for application as a top-dressing to starter feed at the time of placement to accelerate early discovery of feed and water for improved health and growth performance.

### Early Discovery of Feed and Water

The sooner hatchlings discover and start consuming feed and water at placement, the quicker their digestive and immune systems will develop and provide a foundation for strong growth.

# WATERING EQUIPMENT

## THE LITTLE GIANT FOUNTAINS

Will work on pressure or gravity systems. Bowl is hard, durable plastic. Only one type of valve is needed for pressure or gravity. Bowls may be interchanged. 3 bowl sizes to choose from. Suitable for chicks, turkeys, poult, ducks and geese.

- 1 **POULTRY FOUNTAIN** - Large 6½" plastic bowl. Recommended for all poultry. (2500) **\$54.10**
- 2 **BABY CHICK FOUNTAIN** - You can start your baby chicks and turkey poult the first day. This bowl can be used throughout the growing period. (2525) **\$54.50**
- 3 **KING SIZE FOUNTAIN** - Recommended for large birds, ducks, and geese. (2550) **\$65.80**
- FOUNT BRACKETS:**
- 4 **WALL BRACKET** (2500-BKT) **\$27.60**
- 5 **FREE STANDING BRACKET** (2500-Stand) **\$36.80**
- 6 **USED DRINKING CUPS** - (Various kinds) (4085) **\$4.00**

## 7,8,9 PLASTIC FOUNTS

1 litre for 15 chicks, 1 gallon screw base for 50 chicks, 1 gallon wide base for 60 chicks. The wide base is easy to stack and store.

	7	8	9
Jar	<b>\$2.90</b>	<b>\$5.10</b>	<b>\$4.60</b>
Base	<b>\$2.80</b>	<b>\$5.10</b>	<b>\$5.40</b>
Quail Base	<b>\$2.80</b>	<b>\$6.80</b>	

- 10 **POP BOTTLE FOUNT** (PBF) **\$3.30**
- 11 **POULTRY NIPPLES**  
(Package of 4) Simply screw into the base of a bucket and you have a hanging waterer! (PPWN-4) **\$11.30**
- 12 **DOUBLE WALL CONE TOP GALVANIZED FOUNTAINS**  
Double wall founts are supplied in 2, 3, 5 and 8 gallon sizes - brass spring valve. Vacuum principle, curled edges for rigidity. Suitable for use with day old chicks or poult, and can be used for adult birds.

- 2 Gallon - 150 chick size (D-22) **\$40.40**
- 3 Gallon - 225 chick size (D-23) **\$53.50**
- 5 Gallon - 375 chick size (D-25) **\$62.60**
- 8 Gallon - 500 chick size (D-28) **\$78.20**

## 13 PLASTIC 3.5 GALLON FOUNT

Easy to use. Just fill the bucket from any water source, place the plastic base over the bucket and flip fount into an upright position. Easy to clean, can't rust. Needs a strong arm to turn.

- 3.5 Gallon - Pail Only (3PP) **\$9.40**
- Base Only 3 & 5 (35PB) **\$29.00**

## 14 GALLON POLY FOUNT

Features top fill, a handy valve closure for filling and an easy to clean trough.

- 7 Gallon Poly Fount (7GF) **\$89.10**
- 5 Gallon Poly Fount (5GF) **\$76.50**
- 3 Gallon Poly Fount (3GF) **\$67.20**

## 15 PRESSURE REGULATOR - 0-10 lbs. (PR-200) **\$98.70**

## 16 HANGING WATERERS:

- Chicken Plasson (MK-111) **\$145.60**
- Turkey Plasson (PLA-TD) **\$174.10**

Clip CFD-4105-2 \$2.40	Water Level Adjuster CFD-4111 \$4.30

## BROODING EQUIPMENT

**BROODER GUARD:** Gives chicks and poults room to exercise but confines them to brooding area. Stops drafts, crowding and piling. Confined area is easily enlarged.  
 (1235) 35' long, 12" high, each **\$15.60**  
 (1835) 35' long, 18" high, each **\$19.30**

**BROODER THERMOMETER**  
 Extra heavy flanged metal back, white enamel, non-mercury (614) Each **\$12.00**

**Available at half price with the purchase of baby chicks!**

**4 LAMP BROODER -**  
 Supplies enough heat for 325 chicks or 250 poults. 2 stage thermostatic control turns heat bulbs on/off in stages to distribute even heat at chick level

**Brower (208-CB) \$251.50**  
**Kuhl (208-C) \$149.60**

**NATURAL GAS AND PROPANE BROODER:**  
 Burner is designed to save fuel. Designed to produce heat more efficiently with less gas consumption, due to the unique 2-point infrared heating unit. Infrared rays are produced at the ribbon burner and ceramic and become heat only on contact with chicks, litter or equipment. CGA approved. 1000 chick capacity. Galvanized 34" canopy, one piece lifetime ceramic, stainless steel burner. Available in Propane (47JLS) or Natural Gas (47JNS). Each **\$563.80**

**SINGLE LAMP BROODER**  
 (HL-A8) bulb not included.  
 Each **\$42.10**

**SINGLE LAMP BROODER**  
 (HL-SA8) with Hi/Low Switch.  
 Each **\$54.90**

**RED BULBS R40/10/2. (2/pkg)**  
 Each **\$27.50**

### BEDDING:

At least 4" of packed straw or shavings. Be sure it is prewarmed in the brooder area. Straw is not recommended for turkeys.

### AMBIENT HEAT:

It is often overlooked that the temperature under the heat lamps can be nice and toasty but if the surrounding area is not sufficiently warmed the temperature will (1) drop at night when you are not there to see it and (2) not allow the birds to sufficiently move around. If they spend all their time under the heat lamps to stay warm then they are not moving around finding feed and water. Have a back up heater; keep the surrounding area at 75°F or warmer. The area the chicks are occupying should not be below 85° - 95° F depending what you are starting. Measure the temperature at the furthest point from the heat source the chicks can go and at chick height!

**CHICK AND QUAIL BROODER:** An electric brooder for baby poultry or quail. Capacity 125 day-old chicks and up to 50 four week olds. Quail capacity-100 to fourth week. Use in any building where temperature does not fall below 60°F. Sliding poly mesh door panels on front and one side. Includes 3 litre poly bottle drinker and 580 cubic inch poly capacity feeder. Both feeder and drinker fill from outside. Brooder has ½" PVC coated wire floor. Dropping pan easily removed for cleaning. Thermostatic control, 500 watts. Overall size 32"W x 38"L x 12"H. 110V ac only.  
**GQF Brooder (0534) \$465.30**

## FEEDING EQUIPMENT

### GALVANIZED FEEDERS:

Round Baby Chick Feeder (RBCF) Each .....	\$4.70
20" plastic Flip Top Feeder (FT-20) Each .....	\$8.90
12" Slide Top Feeder (SO-12-S) Each .....	\$6.60
18" Slide Top Feeder, not shown (SO-18-S) Each .....	\$8.30
24" with reel, holds 3 lbs. feed, 50 chicks. (SO-24) Each .....	\$10.80
36" with reel, holds 5 lbs. feed, 75 chicks. (SO-36) Each .....	\$35.10
48" with reel, holds 7 lbs. feed, 100 chicks, not shown (SO-48) Each .....	\$36.20

### 16 lb / 30 lb FEED TUBE & PAN:

These plastic tubes are easy to maintain as well as having adjustable depths to minimize your feed loss as they grow.

16 lbs. 30-40 birds. (16-PF).....	\$35.20
30 lbs. 40-60 birds. (30-PF).....	\$49.60

**PLASTIC QUART JAR:**  
(P-1QT) \$2.90

**FEEDER BASE:**  
(806) \$6.20

**FEED SCOOP:**  
Galvanized scoop.  
(6-Q) \$24.60

### GALVANIZED HANGING FEEDERS:

These feeders are designed for easy flow adjustment. Each barrel is taper-assembled and double-seam sealed to nest for shipping or storing. The heavy die-formed pan has a rolled feed-saver lip. Plastic covers are available. A feed cover is an excellent preventative of feed contamination.

30 lbs. 35 Hens, 45 Broilers & 35 Turkeys. (25HF) .....	\$50.80
50 lbs. 40 Hens, 50 Broilers & 40 Turkeys. (50HF) .....	\$58.70

**FOGMASTER TRI-JET:**  
120v (FM-620810)  
\$643.20

### MEDICATIONS & DISINFECTANTS:

**POUL-VITE:** A water soluble vitamin powder containing biotin. It is indicated for use in poultry to give chicks and poults a head start (first 4 days), and to supplement chickens and turkeys in cases of reduced food intake. This will supply a good supplementary source of vitamins. 100g. (PVITE100G) \$7.00

**ELECTROLYTES PLUS:** A water soluble multi-vitamin and electrolyte mixture for livestock that can help in stimulating appetite during periods of stressful conditions. 400g. (ELP-400G) \$20.90

**VIRKON:** 50g. package - mix to 5 liters water. (VK-50) \$8.30  
5kg. (VK-5) \$267.60

**VIROCID:** Highly concentrated, broad spectrum disinfectant. Non-corrosive (5 Liter) each (VIR-5) \$192.90

### GERME-ZONE:

**FOR CUTS, SCRATCHES, ABRASIONS, WOUNDS & BURNS:** Germe-Zone is a very effective and beneficial antiseptic application to the skin and semi-exterior mucous membrane for poultry and stock. On cuts and wounds it may be applied full strength and will not injure tissue. An antiseptic wash may be made by diluting one part of Germe-Zone with 25 parts of water 500ml \$9.40

### Doktor Doom Lice Killer:

For use in poultry houses to control poultry lice and exposed stages of Darkling Beetles, spray roosts, walls and nests or cages thoroughly. This should be followed by spraying over the birds with a fine mist.

550g Please call for price

# PROCESSING EQUIPMENT

4

## 1 KILLING CONES

Made from 26 gauge galvanized steel. A very practical item for restraint at slaughter, made in two sizes: Prevents bruising of wings when birds are prepared for dressing.

For grown fowl. (D-72) **\$39.80**  
For turkeys. (D-73) **\$67.70**

## 2 POULTRY PLUCKER KIT

Make your own poultry plucker. We will supply you with the component part kit. Includes 7" diameter steel drum, 28 rubber fingers, shaft and bearings, 2 pulleys and V-belt. Build your own cabinet. (PP-K) **\$297.50**

**Poultry plucker motor only. (PP-M) \$239.90**

**Buy motor with kit & price of the motor will be \$224.90**

2

5

## 3 POULTRY PLUCKING FINGERS

Heavy duty rubber fingers do the best job possible.

3" plucking finger. (PPF-3) **\$2.30**  
5" plucking finger. (PPF-5) **\$2.30**

## 4 POULTRY KILLING KNIFE

Overall length 7½", blade length 3½", point is sharp on both sides. Ideal for skinning. (KK-128) **\$41.30**

## 5 FEATHER-OFF

A special compound developed to aid in removing the feathers of chickens, fowl, ducks, geese, turkeys and game birds. 340g. (F-12) **\$7.40**

## 6 LUNG REMOVER:

Turkey (T-LUNG) **\$95.20**  
Chicken (M-LUNG) **\$84.40**

3

6

## THE FEATHERMAN PRO PLUCKER:

Simply scald chickens, then drop 4 or 5 birds into the tub. In 20 seconds or less the birds will be picked clean. No pin feathers, no backache. Capacity: 50 pounds of birds, optimum 30 pounds, Tub diameter: 22 inches, Height: 33 inches, Footprint: 25 x 28 inches, Weight: 125 lbs. Motor: 1 hp 115 Volts. Made in USA.

Chicken Plucker (PRO-P) ..... **\$3,553.30**  
Turkey Plucker (PRO-T) ..... **\$4,460.50**  
Dunker Shackles (PRO-DS) ..... **\$887.50**

**These units make butchering day a breeze! Producing pin free smooth finish in seconds per bird. These are exceptional tools for the serious enthusiast. Miscellaneous parts may be special ordered at your request.**

## THE FEATHERMAN SCALDER

The goal: No pin feathers. Period! The Featherman Scalding holds a constant water temperature to help you achieve that perfect scald. Made of 16 gauge stainless steel with a 100,000 BTU propane burner, temperature control within a five degree range, and sized for four birds at a time (40 gallon), the Featherman Scalding delivers maximum performance at a minimum price. Drain valve, full protective rim, side-mounted chimney and cover tarp are all standard features. One year complete warranty. Made in USA. (PRO-S) **\$3,463.70**

**COMBINATION PRICE**  
**Plucker & Scalding SAVE \$50**

11

12

## ROLL-AWAY NEST

Hens lay their eggs onto a sturdy wire tray, the eggs then rollaway to a covered compartment. Eggs stay clean and the hens cannot eat or break them. Suitable for all breeds.

- 1 Wooden 4 Section Front Rollaway. (WFR-4) .....\$237.90
- 2 Wooden 10 Section Front Rollaway. (WFR-10) .....\$475.80
- 3 6 Section Plastic Nest, unassembled (P-6HN) ..... \$358.10
- 10 Section Metal Rollaway Nest, unassembled, not shown (MRF-10-RAW) \$715.10

## 'Seven Oaks' EGG WASH

A chlorinated egg washing compound designed for cleaning eggs in all types of water conditions.

- 500 g. Non-Foaming egg wash. (S-1-500) .....\$9.90
- 5 kg. Non-Foaming egg wash. (S-1-5) .....\$46.90
- 10 kg. Non-Foaming egg wash. (S-1-10) ..... \$82.60
- 20 kg. bag Non-Foaming egg wash. (S-1-20) .....\$115.20

## EGG BRUSH CLEANER

Fitted with soft foam rubber cushion, removable so that you can replace the sandpaper as required.

- Egg brush cleaner, complete, (MAK-100) each \$8.10
- Egg brush band refill, (MAJ-110) each \$4.40

## EGG BOX

- 15 Dozen, plain no print. (EB-15) \$2.50

## THIRTY EGG FLAT

- 140 per bundle, fits all size chicken egg. (EF-30XL) \$42.20

## CHICKEN EGG SCALE

A handy scale for grading your eggs.  
(CES) \$61.40

## ONE DOZEN EGG CARTON - fits all size chicken egg.

- Pulp Egg Carton 250/bnd. (ECP-12A) \$114.30

## EGG BASKET

Gather the eggs into the basket and place it directly into the wash water. Using 1 tablespoon of egg soap, run your fingers under the eggs to allow the water to circulate. Wash only the amount of eggs that you can get clean in 3 minutes. Do not over fill (just over middle) your basket to avoid breakage of eggs. (2015) \$34.50

## TURBO EGG WASHER

Washes 10 to 12 dozen eggs in 3 to 5 minutes. Just gather eggs in plastic coated basket and place basket in a tub filled with water & detergent, & connect to air compressor with minimum output of 3 CFM. Compressor not included. Egg washer with basket, heated tub (REW-15TB) \$515.00

## COOL LITE EGG CANDLER

Has five foot electric cord. Easy to move over eggs for long periods. Eggs need not be handled. Brown eggs do not candle well. (9046) \$25.50

## MISCELLANEOUS

**LEG BANDS:** 50 per pack

Plastic 5/16" Pigeon. (2105)	.....\$12.50
Plastic 7/16" Bantam. (2107)	.....\$13.00
Plastic 9/16" Leghorn. (2109)	.....\$13.00
Plastic 11/16" Heavy Breed. (2111)	.....\$14.00
Plastic 3/4" Ducks. (2112)	.....\$14.50
Plastic 7/8" Turkey Hens/Geese. (2114)	.....\$16.00
Plastic 1" Turkey Toms. (2116)	.....\$16.50

### FOUNT BASE HEATER:

Set your waterer on this base to eliminate frozen water problems. Thermostatically controlled to keep your water at 50°F. This low power heater is not recommended for outside use in extreme cold. Keep in the chicken coop. Do not use with plastic.  
(D-112) **\$117.00**

### STOP PICK

Help stop cannibalism by smearing Stop Pick on injured birds plus about 10% of flock. It is distasteful to birds and they stop picking.  
(SP-170) 170ML each **\$19.40**

**Do not use on open wounds!**

Contains Cayenne Pepper.

Petroleum Jelly is recommended for open wounds; check your light, feed and temperature for the cause of the picking.

### CHAMPION CRATES

### POULTRY

Rugged stackable crates will stand up to years of use. Holds approximately 20 leghorns, 10-12 broilers. 38"x22.5"x10" ships unassembled for economical shipping!  
(CRATES-WQ)

**1-5 pieces, each \$80.60**  
**6 or more, each \$72.50**

### MINI DOME INCUBATOR:

A handy little incubator for a thrilling experience for kids. No thermostat control. Must be kept in a warm room with no drafts. Capacity 2-4 eggs.

**Special \$21 (MI01) \$41.40**

### FOOT BATH:

24"x32" Rubber Finger Mat. Holds approx. 2 litres disinfectant. Easy to clean.  
(FBS) **\$144.10**

### FLY RELIEF DISPOSABLE BAG

Attract and kill flies safely. Special attractants work wonders without the use of insecticides making this product an environmentally safe control. This 1 gallon trap comes with an attractant inside. (GFRT) **\$16.00**

**REPEATER MOUSE TRAP:** No bait mouse trap is easy to use (MI54) **\$12.40**

**Mice are ideal carriers of unwanted diseases from the outside of the barn to the interior!**

**PLIERS:** Standard economy plier for use with C-Clips for connecting netting or Peepers and Hoods. (MI06) **\$38.80**

**PEEPERS WITH PINS:** In plastic pouch, 25/pkg. (MI03) **\$12.50**

**BEAK GUARDS WITH PINS:** In plastic pouch, 25/pkg. (MI02) **\$12.50**

**PHOASANT HOODS WITH PINS:** In plastic pouch, 25/pkg. (MI04) **\$12.50**

**MOUSE/RAT BAIT:** The perfect weather proof bait for mice and rats. **KEEP AWAY FROM PETS**

Each box makes 8 baits. 454g (MI44) **\$17.90**

Small Packet. 43g Rat/Mouse Pellets (MI41) **\$2.10**

### COMMEMORATIVE COASTERS

### HOVA-BATOR INCUBATORS

Extremely reliable and easy to use! Simply plug it in, add water and eggs, and enjoy consistently great hatches. Each model comes with a plastic, easy to maintain liner. Turners are available to hold 41 large chicken eggs, 16 goose eggs or 120 quail eggs. This is a must for any bird enthusiast.

## SPORTSMAN INCUBATOR / HATCHER

The **1502 SPORTSMAN** incubator offers an accurate digital thermostat with LCD display of Temperature and Humidity. An on-board computer monitors systems and the environment every second to keep itself updated and to share this data with you. Electronic egg turning control, audio/visual indicators and a standard easy view door highlight a number of standard features. This is a complete incubator and hatcher. In addition to having three automatically turned racks, it has a hatching tray in the bottom of the incubator. (1502E) **\$1,503.00**

The **1550 HATCHER** is designed to allow for the best hatching conditions. Unlike setting incubators, hatchers usually operate at slightly different temperature and humidity settings to obtain optimum hatch. It can be used to set eggs, but each egg will have to be turned by hand. For small chicks such as quail, each hatching tray comes with a tray cover except for the bottom drawer. An on-board computer monitors systems and the environment every second to keep itself updated and to share this data with you. (1550E) **\$1,409.80**

### ACCESSORIES:

Auto Humidity Kit for Sportsman.	(3030)	<b>\$87.60</b>

## OUR GUARANTEE!

1. Shipping date requested is only approximate. Actual shipping date will be listed on your order confirmation, unless otherwise notified. Please arrange to pick up your chicks immediately upon arrival.
2. We guarantee 100% live arrival at the destination site (excluding extras) provided shipment is checked when received. If there are any dead notify us or our agent immediately.
3. We guarantee 85% accuracy on all our sexed orders. Any sexing errors in chicks should be reported as soon as sex can be accurately determined. (approx. 8 weeks old).
4. We guarantee that all champion chicks are produced from eggs supplied by strong, healthy, government registered breeding flocks. Poultry can still carry germs and pass them to their chicks.
5. We cannot assume responsibility for any disease outbreaks after the chicks leave our premises.
6. While we exercise every precaution in filling orders, we cannot for any reason whatsoever, be responsible to any greater extent than the invoice value of the chicks in question. We will not be liable for any consequential or incidental damages.
7. Orders shared between customers do not qualify for our guarantee. Any guarantee we offer becomes null and void.
8. All orders are accepted subject to strikes, floods, disease outbreaks, acts of God, or delays beyond our control.
9. We will credit any \*loss occurring within 2 weeks of shipment of day old chicks without question, providing the loss livability report is returned to us within 3 weeks of shipment. \*Loss over 10% of any one breed must be accompanied by a veterinary report indicating that the loss was a result of poor quality chicks provided. Does not include extras. Dual purpose and heritage "packages" are considered one breed when calculating the 10%.
10. All sales are F.O.B. Westlock

### RAISE YOUR POULTRY ORGANICALLY!!

All Chicks and Turkeys grown without medicated feed are at a high risk of contracting Coccidiosis. This can cause an immediate need for treatment, stunted growth in survivors, and even death. The expenses incurred and losses in birds will cut into your profits. \*\*\*\*\*You can get your Chicks and Turkeys vaccinated for Coccidiosis. This is a completely organic way to build immunity, done at the hatchery, for a modest charge.\*\*\*\*\*. To grow your birds naturally, you should have your birds vaccinated for Coccidiosis; feed a good quality unmedicated feed and avoid using antibiotics. (Certified organic poultry would require the use of certified organic feed, as well.)

If you choose to have your birds vaccinated for Coccidiosis, do not use any medicated feed. Any amount of medicated feed in the first 3 weeks of the chicks life, will result in the vaccine being destroyed, defeating the purpose of the vaccination! It is essential to start with a clean disinfected barn when using this vaccine!! Immunity is not instantaneous!!

# BACKYARD TO BARNYARD.

## WE'RE YOUR POULTRY DESTINATION.

No matter where you keep your flock, we're here to lend a hand with the chicks, supplies, and helpful advice you need.

Visit [UFA.com/Poultry](http://UFA.com/Poultry) and learn more, or shop online.
